I can't believe tickets sales on the Shotgun Draw have been so slow, am I the only one whom could use a new Browning for pennies on the dollar? Buy a couple, take a book from Louise and sell to your friends and family, it's a great way to attract new members and raise funds to help the board to improve the club for all of us.

Folks, we still need a person to step up and Chair the canteen and persons to volunteer to help provide service. We also are working with a small executive; any member that could serve the club in a director position would be appreciated in donating their time and effort!
